A young white from the Llano el Drago plot, at 650 m.

The estate

BODEGAS MONJE
El Sauzal - Tenerife

Perched in El Sauzal with sweeping views of the Atlantic and Mount Teide, Bodegas Monje has been family run since 1750. The winery is a masterclass in volcanic viticulture, utilizing the traditional "cordón trenzado" method of braided vines to craft bold, mineral rich wines from indigenous grapes like Listán Negro.
